

**CH8670H 8" CHIPPER**

**Industry-unique, turntable-style rotating base and hydraulic feed convenience**

- 670cc Honda OHV engine
- 8" chipping capacity
- 9"x9" feed opening
- Unique 360° rotating base positions the infeed toward the work
- Integrated discharge blower
- 8" discharge chute rotates 360°
- A locking pin keeps the turntable securely in place while towing
- Swing-away cover for easy access to belts and hydraulic system
- 4 reversible, heat-treated steel chipper blades
- Triple-banded belt drive
- Smart Feed™ electronic feed roller control
- 4-sided anvil

Hinged cover allows easy access to belt drives for in-field servicing
