

Crary® Bear Cat® Awarded BuyBoard® Purchasing Contract

FOR IMMEDIATE RELEASE

WEST FARGO, N.D. - Crary Bear Cat, a leading manufacturer of commercial grade outdoor power equipment announced that it has been awarded a national purchasing contract from Texas-based BuyBoard®, of the Local Government Purchasing Cooperative.

The BuyBoard is an online catalog made available for free to any registered municipalities, including counties and government organizations, and school districts. The BuyBoard program strategically reviews all vendors through a competitive process so that members know they are already getting quality products from reputable companies. Plus, with member-only access to exclusive pricing options, organizations are able to save resources and time that would have previously been spent on Request for Proposals.

“We’re proud to be able to offer our entire lineup of outdoor power equipment with BuyBoard,” said Hannah Tanata, Crary Bear Cat business unit director. “This is a strategic partnership that will allow our customers to receive the best value possible.”

Crary Bear Cat will be listed on BuyBoard as a vendor for Outdoor Power Equipment, including wood chippers, shredders, vacuum shredders, wheeled vacuums, and stump grinders.

About the Texas Purchasing Cooperative

The BuyBoard Cooperative is administered by the Texas Association of School Boards (TASB), which was formed in 1949. BuyBoard was created to support and serve public schools, municipalities, county government, and all types of local government agencies and nonprofits. The goal of BuyBoard is to provide members with competitive pricing, a trusted and transparent procurement process, and reduced administrative costs and superior service. The current BuyBoard platform has been helping connect customers and vendors since 1998.

About Crary Bear Cat

For over 35 years, Crary Bear Cat has manufactured specialized, premium outdoor power equipment, marketed through strategic partnerships and supported by a team dedicated to customer service, support, and innovation. Crary Bear Cat machines are engineered and designed right here in the USA with efficiency, performance and power at the top of the list. Plus, all BuyBoard members that purchase Crary Bear Cat equipment through the platform have access to one of the industry’s best-in-class warranties.
